Subject: SM content for 07/20 - 07/24

Good morning team,

Below are the SM topics for next week. The highlighted texts are placeholders to be updated when the correct information is available, presumably by Friday. I look forward to your comments and feedback.

Best,
Donette

Monday - July 20, 2020: Reduce Waste and Landfills / EPA's CREAT tool / Brownfield Virtual Conference
Tuesday - July 21, 2020: Curbside Recycling / Reduce Food Waste /
Wednesday - July 22, 2020: EPA's UV Index Mobile App / Riverside Superfund Site PRAP Release
Thursday - July 23, 2020: Unimatic Virtual Public Meeting / Superfund Overview
Friday - July 24, 2020: State of the Great Lakes Report / Harmful Algal Bloom (HAB) mapping tool / Barnegat Bay webinar

Cleaning up
Our
Nation's
Land
Reduce
Waste and
Landfills

Monday -
July 20,
2020

Twitter: As EPA celebrates our progress with cleaning our nation's land, Region 2 wants to remind everyone in NY, NJ, PR, and USVI to reduce waste, recycle when possible, and rethink material use. Our small individual acts create cleaner land and better health. Learn more at: www.epa.gov/sites/production/files/2019-11/documents/msw_infographic_with_2017_data_nov_2019.pdf [Do we need to provide a placeholder for this image, or can this just be the image for the post?]

<p>UV Safety Month EPA's UV Index Mobile App</p>	<p>Wednesday - July 22, 2020</p>	<p>Twitter: NY, NJ, PR, and USVI - as summer turns up the heat, don't fall victim to sunburn #summertimefine. Download the free UV Index mobile app created by EPA to know when the sun will be hottest and UV rays the highest: www.epa.gov/enviro/uv-index-mobile-app #ThankUsLater #SummerTimeFine #UVSafetyMonth</p> <p>HQ RETWEET: The Dept. of Health and Human Services has named July as UV Safety Month. The sun's UV rays can damage your skin in as little as 15 minutes. Check out the free UV Index mobile app to help protect yourself and your family from the harmful effects of UV rays. https://t.co/Gr3C52Lp7B?amp=1</p> <p>https://twitter.com/EPA/status/1281679588687478785?s=20</p> <p>Facebook: NY, NJ, PR, and USVI - as summer turns up the heat, don't fall victim to sunburn #summertimefine by using the free UV Index mobile app created by EPA to know when the sun will be hottest and UV rays the highest. The Ultraviolet (UV) Index predicts the ultraviolet radiation levels on a 1-11+ scale and provides a daily forecast of the expected intensity of UV radiation from the sun. Download here: www.epa.gov/enviro/uv-index-mobile-app #ThankUsLater #SummerTimeFine #UVSafetyMonth</p>
<p>Cleaning up Our Nation's Land Riverside Superfund Site Proposed Remedial Action Plan (PRAP) Press Release</p>	<p>Wednesday - July 22, 2020</p>	<p>Twitter: Public comments are now being accepted on our proposed cleanup plan to address oil and groundwater and sediment contamination at the Riverside #Superfund Site in Newark, New Jersey. Join us at our virtual public meeting on August 6th at 6:00pm! More info here: [link to press release]</p> <p>Facebook: Public comments are now being accepted on our proposed cleanup plan to address the oil spill into the Passaic River near the Riverside Industrial Park #Superfund Site in Newark, New Jersey. The proposed plan includes the implementation of institutional controls and long-term monitoring to eliminate the immediate threats of the oil spill. We are proposing the best corrective action to protect human health and the environment at the site, and want to create space for community members to ask questions or voice concerns about the proposal. A virtual public meeting on our proposed plan will be held on August 6th, 2020 from 6:00pm – 8:00pm EST. To register for the virtual public meeting, please contact Shereen Kandil at (212) 637-4222 or kandil.shereen@epa.gov. [question for Shereen: should we include her contact info OR include in event brite?] View EPA's proposed plan for the Riverside Superfund site here: www.epa.gov/superfund/riverside-industrial</p>

<p>Cleaning up Our Nation's Land Unimatic Virtual Public Meeting tonight from 6:00pm- 8:00pm</p>	<p>Thursday - July 23, 2020</p>	<p>Twitter: The virtual public meeting to discuss the Proposed Plan for the Unimatic #Superfund will happen tonight from 6-8pm. To learn more about the site and join the virtual public meeting, visit the site's home page here: www.epa.gov/superfund/unimatic</p> <p>Facebook: The virtual public meeting to discuss the Proposed Plan for the Unimatic #Superfund will happen tonight from 6-8pm. The proposed plan includes the use of legal controls and groundwater monitoring to prevent and reduce human exposure to contaminated groundwater, periodic monitoring and analysis of groundwater samples to verify that the level and extent of contaminants are within acceptable levels, and the excavation and removal of contaminated sediment from drainage areas located down-drain from the site. With these combined actions, we are proposing the best course of action to protect the site from the polychlorinated biphenyl (PCB) contamination at this site over the long-term. To learn more about the proposed plan and participate in the virtual public meeting, visit the site's homepage at www.epa.gov/superfund/unimatic</p>
<p>Cleaning up Our Nation's Land Superfund Overview</p>	<p>Thursday - July 23, 2020</p>	<p>Twitter THREAD:</p> <ol style="list-style-type: none"> 1. In celebration of #EPAat50 and our progress with cleaning up the nation's land, we're highlighting the Superfund program, [delete this, the law is CERCLA formally known as CERCLA]. The Superfund program is responsible for cleaning the nation's most contaminated land and responding to environmental emergencies. 2. Superfund's goals are to: 1. protect human health and the environment by cleaning up contaminated sites; 2. make responsible parties pay for cleanup work; 3. involve communities in the Superfund process; and 4. return Superfund sites to productive use. 3. In Region 2, there are X superfund sites on the National Priorities List (NPL), Y partially deleted from the NPL, and Z fully deleted from the NPL. Learn more about the list of Superfund sites in the region 2 here: https://www.epa.gov/superfund-redevelopment-initiative/region-2-superfund-sites-reuse [if you don't know X, Y, or Z, you can just post X] <p>Facebook: In celebration of #EPAat50 and our progress with cleaning up the nation's land, we're highlighting the Superfund program. Lake
Appreciation
Month: State
of the Great
Lakes
Report

Friday -
July 24,
2020

Twitter: July is #LakeAppreciationMonth, and all day we are highlighting lakes and related resources in Region 2. The Great Lakes are so great, they inspired the Great Lakes Water Quality Agreement, a commitment between the Governments of Canada and the United States to protect the water's quality and aquatic ecosystem.

THREAD:

The "State of the Great Lakes Report" highlights the effectiveness of environmental policies and policies to protect the lakes. While the trends are "fair" and "unchanging," there is still work to do to protect the fresh surface water supply. Learn more at <https://binational.net/wp-content/uploads/2020/05/May-4.2020-2019-SOGL-FINAL.pdf>

Facebook: July is #LakeAppreciationMonth, and all-day, we are highlighting lakes across the Great Lakes. The Great Lakes contains one-fifth of the world's fresh surface water supply and is the primary source of drinking water for tens of millions of Canadians and Americans. The lakes are so great, they inspired the Great Lakes Water Quality Agreement, a commitment between Canada and the United States to restore the water's quality and aquatic ecosystem. The latest "State of the Great Lakes Report" found that trends are "fair" and "unchanging," but there is still work to do to protect the fresh surface water supply. Learn more about how the Canadian and American Governments are cooperatively working to protect the Great Lakes here:
